Hi,

Here are the things that need to be finalized by tomorrow:

1. **Order "greige" production fabric knitting *****
2. Conceptual sketches need to be submitted to create technical sketches
3. Provide size ratios for each style
4. Female base size model to be confirmed
5. Female base size model needs to be scheduled to take a full set of body measurements
6. Payments for production fabric order must be received in order to maintain due date

Next week (June 26)

1. Female base size model to be confirmed
2. Female base size model needs to be scheduled to take a full set of body measurement

*****If production fabric is not ordered this week, the project will be delayed by as many weeks as the order is delayed**

Hi,

Following up on our meeting today, this is the list of priorities we covered:

CUSTOM PIECES

- We will take full set of measurements from actors once they've been cast

PRODUCTION

1. Request 2 more labdips of each colour (5% and 10% darker)
2. Try and get larger lab dip swatches so that they can be light tested
3. Order "natural" fabric so that we can begin fit development
4. Alec will be male base size model
5. Female base size model to be confirmed
6. Female base size model needs to be scheduled to take a full set of body measurements
7. Conceptual sketches need to be submitted to create technical sketches

PROPOSED TIMELINE

June 12

Colour approval
Size ratios for each style

June 19

Technical sketches approved

Technical sketches approved
Production fabric ordered

June 26

Base size patterns created

July 3

Fit prototypes sewn

July 10

Fit session/ sample approval

July 17

POSSIBLE pattern corrections

POSSIBLE 2nd set of samples (2nd Fit prototypes sewn with corrections)

July 24

Fit session/ FINAL approval

Grading rule development

August 7

Production fabric received

August 14

Markers are produced

Production launched

DUE OCTOBER 2

Please let me know if you have any questions
